Kardos & Burke and S. S. Ruskay & Co. Thrown Into Bankruptcy by Creditors

3 OTHER NEW YORK FIRMS ARE INVOLVED IN CRASHES

Five Brokerage Houses Topped by Creditors

Kardos & Burke, of New York, local office at 1421 Walnut street, bankruptcy petition charging liabilities, \$1,500,000; assets, \$500,000. Attorney for firm calls this "gross exaggeration."

S. S. Ruskay & Co., of New York, local office 1503 Walnut street. Liabilities, \$2,500,000; assets, \$1,500,000. Firm members promise "dollar for dollar."

James W. Ball & Co., New York, no local office. Liabilities, \$150,000; assets, \$10,000.

Rasmussen & Co., New York, no local office.

Rodney & Co., New York, no local office.

Two more Philadelphia brokerage offices, branches of New York concerns, closed their doors at 11:30 o'clock today, when it was announced receivers had been appointed.

The firms are S. S. Ruskay & Co., of 1503 Walnut street, and Kardos & Burke, 1421 Walnut street.

Both were members of the New York Consolidated Stock Exchange. Samuel S. Ruskay, associate manager of Ruskay & Co., quoted a New York statement received over the stock ticker early this afternoon as giving assurance that members of the firm would make up any deficit and pay dollar for dollar.

The New York message quoted was as follows:

"Attorney Jackson gave out a statement, which says in part:

"So far as is at present ascertainable, the tangible known assets of S. S. Ruskay & Co. are in excess of \$1,500,000; the liabilities approximately \$2,500,000, and may be less than that amount."

Will Liquidate Assets

"The receivership, while unfortunate in its effect upon the goodwill and business of the firm, is fortunate in that it will materially aid in liquidating the assets and prevent preferences which necessarily rise out of a hysterical panic. The firm is fortunate in that its members are all prepared to stand behind the house and make good to every one of its creditors. They offered to the receiver the entire assets of the firm and complete co-operation to reorganize the business and offer payment in full to every creditor."

Both local offices remained open until 11:30 o'clock. Then word came over the wire from their main offices in New York that business had been suspended and receivers appointed, and customers were asked to close their accounts. Notices were posted on the office door of Ruskay & Co. here, as follows:

"February 23, 1922. Business temporarily suspended until further notice. S. S. Ruskay & Co."

This firm has offices in Boston, Bridgeport, Conn., St. Louis, Cal., Pittsburgh, and Cleveland, as well as in New York and Philadelphia.

A. H. Sigler, resident manager, said earlier in the day, when the first word of trouble came from New York, that the firm had suspended temporarily. When word came of the receivership he said it was a surprise to him.

"I suppose the firm went into the hands of a receiver," he said, "because of the heavy drain imposed on this house in common with others by reason of the many recent failures."

Loss May Reach Million

Mr. Ruskay, associate manager, announced that Mark Leonard, of 31 Broadway, New York, had been appointed receiver.

"The liabilities will be about two and a half millions," said Mr. Ruskay, "and the assets about a million and a half."

RECEIVERS TAKE CHARGE OF AUTO STORES COMPANY

Dividend Declared Despite Losses. Attorney for Creditors Says

Receivers were appointed by the United States District Court today to take over the books, stock and equipment of the United Auto Stores Company of this city, which operates fifty-eight automobile accessory stores in this State and several in Delaware.

The receivers, Francis F. Burch and Samuel A. Whitaker, filed a petition asking an accounting from the United Guaranty Corporation, a brokerage company, organized, it was said, principally for the sale of stock in the Auto Stores Company.

"Last year," said J. L. Kim, attorney for creditors, "the Auto Stores Company lost \$1,250,000, and yet last July the company declared a 20 per cent stock dividend."

"E. B. Carrier is president of both companies. The Guaranty Corporation received a large contribution from the Auto Stores Company," he said.

MRS. ROSIER WINS DELAY: TRIAL NOT TO OPEN MONDAY

Judge Rogers Grants More Time for Preparation of Defense

Judge Rogers today granted an application for a continuance of the trial of Mrs. Catharine Rosier, accused of murdering her husband and his stenographer, Mildred Reckitt, January 21. The trial was scheduled to begin Monday.

Judge Rogers, in reviewing the steps taken in the proceedings since Mrs. Rosier was arrested, said that the case must be considered just as all such cases, "without sympathy, prejudice, passion or favor," and that the woman now in Moyamensing prison is not entitled to anything that would not be given any other prisoner.

He said that the only reason he granted a continuance was due to the sworn statement made by Mr. Scott that he could not adequately prepare his case by Monday.

NAB SHOPLIFTING SUSPECTS IN MARKET STREET STORE

Man and Woman Each Held in \$500 Bail

Two alleged shoplifters were captured after a chase in a Market street department store this afternoon by three store detectives. Several customers were bowled over.

The prisoners are Anna Lachendorf, sixteen and a half years old, and John F. Renner, who gave an address in Camden. Each was held in \$500 bail for a further hearing by Magistrate Remond.

The woman, according to Detectives Clark and Riley, picked up a coat worth \$115 and put it under Renner's overcoat. Then she saw the detectives approach and told Renner to "beat it."

He was captured at the Market street end of the store. Although his companion escaped temporarily, she was arrested when she returned to find out the fate of Renner.

She told Magistrate Remond that she was alone to blame, Renner wept.

WORRY OVER FATHER LEADS TO SUICIDE, IT IS THOUGHT

Brother of Man Found Dead in Pine Street, However, Denies It

Worry over his eighty-year-old father, who became mentally unbalanced after being shot in mistake for a burglar, is said to have caused Louis Brady to take his life by shooting himself in a gas-filled room at 1516 Pine street, yesterday.

His father, it is said, was shot in the leg several months ago in his home in Camden, where he lives with his daughter. The wound itself was not serious, but he shortly failed mentally and lived the prospect of being sent to an asylum. This is what he feared, and he was found yesterday dead in a chair. A gas jet was open and there was a rubber hose on the floor.

Brady, a brother of Camden, denies it was a suicide.

MISS HECKSCHER LOSES \$12,000 RING, GIFT OF HER FIANCE

Diamond Engagement Token Missing After Bridge Party at Ritz-Carlton

BARCLAY McFADDEN AIDS POLICE IN FUTILE SEARCH

A diamond engagement ring valued at \$12,000, which was presented to Miss Virginia Heckscher by her fiancé, Barclay McFadden, has disappeared so completely that the police admit that they are baffled in their search.

Miss Heckscher is the daughter of Mr. and Mrs. Ledyard Heckscher, of 2123 Spruce street and Bolingbrook, and she is the fiancée of Mr. and Mrs. Dan Killion, of 2502 Meredith street. The announcement of their engagement was made January 19, at a ball at the Ritz-Carlton given by Miss Lucille S. Heckscher and Gustave A. Heckscher.

Miss Heckscher does not know just how the ring disappeared. She missed it Tuesday evening after she had attended a bridge party at the Ritz-Carlton and had gone to the Midwinter Ball in the Academy of Music.

When Miss Heckscher took off her gloves at the Academy she first noticed that the ring was no longer on her finger.

She recalls that after the bridge party and before her start for the Academy she washed her hands at the Ritz-Carlton, but does not remember having taken off the ring.

While she took off the ring to wash her hands, it was said, it was her custom to hold the ring between her teeth so that it could not possibly be lost. She does not remember that she did this at the Ritz-Carlton.

After Mrs. Heckscher discovered the ring missing she made at the hotel and a search was made of the washroom.

Finally Miss Heckscher and Mr. McFadden, who had accompanied her from the Ritz-Carlton to the Academy of Music, notified the police.

An advertisement was inserted in the newspapers by Detective Gold, asking for the return of the ring to a friend of the detectives, W. A. Raleigh, of 6832 Angora terrace. In this advertisement a reward was offered, with the assurance that no questions would be asked.

No one has answered the advertisement.

The diamond is described as a blue-white stone of eight and a quarter carats. It was of Tiffany design and was purchased in New York about a month ago by Mr. McFadden.

STATIONARY FIREMEN AND OILERS HAVE WAGES CUT

Will Not Get Time and Half Except After Ten-Hour Day

Chicago, Feb. 23.—(By A. P.)—A wage reduction hitting 10,000 stationary firemen and oilers was handed down today by the Railroad Labor Board.

Following several other decisions yesterday restoring the ten-hour day for authorized roads to pay only one-half wages after the regular eight hours, which the board retained in principle as a constitutional basis.

Time and one-half will be paid after ten hours. In the case of the split track, straight time will be paid for the first ten hours, and one-half for the next two hours, and one-half for the next two hours.

Sundays and holidays will be paid for at the regular rate, but no minimum of three hours' pay being made for two hours' work or less. Monthly rated employees' wages are to be adjusted to eliminate the old time and one-half provision.

Ten rules regarding discipline, grievances, discrimination against committee members and similar matters were recommended to the employers and the roads for further negotiation. The board's new rules support the national agreement made during Federal control, which has been in effect since January 16, 1920.

DR. EVERITT'S CHAUFFEUR IS HELD FOR HER DEATH

"Criminally Responsible" in Fatal Crash, Coroner Decides

Arthur Boardley, Negro chauffeur, of 2051 Tenth street, was today held for the Grand Jury as "criminally responsible" for the death of Dr. Ella Everitt by a Coroner's jury.

Dr. Everitt, prominent woman physician, of 1807 Spruce street, was killed when her automobile and a truck collided at Twenty-third and Thompson streets January 21.

Boardley was Dr. Everitt's driver. The truck was driven by Walter Colgan, 1832 Wood street, who was released by the Coroner. Colgan quoted Boardley as saying immediately after the accident:

"Don't blame me. The doctor told me to put on the gas and go."

New York, Feb. 23.—Tex Rickard, boxing promoter, today was indicted by a Supreme Court Grand Jury on charges of abducting Anna Hess and holding her for ransom. The bail was raised from \$10,000 to \$25,000.

The lower amount was fixed a few days ago, when Rickard was charged with criminal abduction upon two other girls, both fifteen years old.

Rickard pleaded not guilty to both indictments today, as he had done to those previously returned against him. The Hess girl is eleven years old and the Gasko girl fourteen.

Limerick Winner Will Now Buy Whole World

That's How Rich the One Hundred Dollars Makes Him Feel Today

He Is Dan Killion; He Lives at 2502 Meredith Street and Works in Widener Building

Every once in so often the gods begin down upon us and let a limerick winner live, as the sardonious advertisements have it. "Twenty Minutes From City Hall."

And Dan Killion, of 2502 Meredith street, the winner of Limerick No. 11, has not far from where the jury was, and although he wasn't homesick, he is employed by the Widener Building and works in the Widener Building, and so we thought hopefully down and told Dan the good news.

The completed limerick is as follows:

Limerick No. 11

There once was a fellow named Dan Who said that his bonus would pay For vacation next June, You'd better start making in May.

We smiled and we and pretty to the telephone operator and she paged Mr. Killion, and then we told him all about his winning the hundred dollars. Had he a flock of times before he was fully convinced, and after he decided that he'd won it, "no foolin'!" he smiled and said, "hully gee, now I'll buy the whole world."

The photographer caught him as he was using the phone, probably to call the good news home, but requests for the "three dollars you owe me," and "I'll have my picture taken for you," made it impossible for him to hear, so he just grinned and tried to look unconcerned while the entire office teased and helped spend the money for him.

When we came in this morning there was a note on his desk.

CLEAR CONGRESS IN ROMA DISASTER

Air Service Chief Says Appropriations for Helium Gas Were Liberal

HARDING DROPS RECEPTION

By the Associated Press

Washington, Feb. 23.—Blame for the disaster which overtook the giant army airship Roma does not rest with Congress, Major General Patrick, Chief of the Air Service, declared in a formal statement today upon his return from Langley field, where he conducted a personal investigation of the accident.

"Despite public reports to the contrary," General Patrick said, "there is no disposition on the part of any one in the Army Air Service to place the blame for the Roma accident at the doors of Congress."

"Statements that failure of Congress to appropriate funds for helium production, and that the lack of helium caused the accident, are not based on fact. Congress appropriated liberally for development of the processes of extracting helium during the war, and has since given all the funds required for further experimental work looking to perfecting the processes."

"The Roma disaster would have happened just the same had the ship been caused with helium instead of hydrogen. It is true, however, that in all probability the loss of life might not have been so great."

"A rigid investigation is now under way to determine the exact cause of the accident. As soon as the board completes its work, public announcement will be made of its findings."

Secretary Weeks, before going to the White House today, received an informal report from Major General Patrick, the War Secretary is understood to have said General Patrick's report before the President.

TOKIO IN TUMULT OVER SUFFRAGE EXTENSION

Riotous Street Scenes Attend Demonstrations in Its Favor

Tokio, Feb. 23.—(By A. P.)—Disorders broke out in Tokyo this evening in connection with demonstrations in favor of the extension of the suffrage. By 9 o'clock tonight fifty arrests had been made, and 100 persons had been injured by police reserves.

The crowd of demonstrators, who had been peacefully during the day, became disorderly at 7 o'clock this evening, when 1000 persons tried to break through the police lines and reach the headquarters of the Keisei-Kai party, or opposition, near the Diet building.

The police used the flat sides of their swords, and in their fight to stem the tide of demonstrators several heads were severely bruised. A number of the police also were roughly handled by the crowds.

Reserves soon rushed up and restored order, but the crowds were in an ugly temper and further trouble was anticipated.

The Diet adjourned for the day at 7:45 o'clock, and its members, escorted by a heavy guard of police, ran the gauntlet of the heaving thousands gathered outside.

It was estimated today that 20,000 petitions for the extension of the suffrage had been filed in the Diet since the beginning of the recent suffrage agitation.
